What is Global Citizen?

Worldwide health insurance and services for international living

The Global Citizen health plan is designed to support the international lifestyles of those who travel to or from the United States for extended periods of business, leisure and study. If you leave home for six months or more, your health and financial security are at serious risk because of significant gaps in most available insurance coverage and services. This risk is only heightened by limited knowledge of health and safety hazards around the world, including medical treatment from unfamiliar providers.

Global Citizen is the premier international health plan because it combines comprehensive worldwide benefits with a new generation of medical assistance services, which include an impressive array of online tools used to identify, access and pay for quality healthcare all around the world.

Global Citizen gives you the freedom to access care inside and outside the U.S. If you need benefits outside the U.S. only, explore the Global Citizen EXP plan.

HTH Worldwide's Global Health and Safety Services — Because Insurance Isn't Enough

What good is insurance if you can't find a doctor you can trust?

HTH Worldwide provides all the tools a Global Citizen needs to manage health and safety risks, including finding the right doctor and clearly communicating your medical condition.

Easy Access to an Elite International Provider Community

HTH's expanding International Provider Community has grown to nearly 5,000 carefully selected medical providers in almost every country of the world. Because of HTH's rigorous selection criteria, less than 2% of providers outside the U.S. qualify to participate. Covering 112 specialties and subspecialties, the Provider Community database is searchable online to review detailed profiles of each provider.

Participating doctors, dentists and behavioral health professionals are English-speaking and individually contracted to schedule outpatient visits via HTH's online request service and to accept payment directly from HTH.

Global Citizen members are always free to choose any medical provider outside the U.S. without incurring a financial penalty.

The Freedom to Access Care in the U.S.

Global Citizen members also gain access to a contracted nationwide network of over 700,000 preferred providers, including more than 4,000 hospitals. The plan also covers care delivered by non-contracted providers.

Personal Safety Intelligence

HTH maintains unsurpassed resources designed to promote personal safety by giving Global Citizen members convenient access to vitally important news, health and safety analysis and medical translation tools.

- Global Health and Safety news alerts published daily and delivered by email.
- City Health and Security Profiles for nearly 700 destinations in over 150 countries outside the U.S.
- Brand name equivalents for 300 common over-the-counter and prescription drugs in 24 of the most frequently visited countries.
- Translation of hundreds of medical terms and phrases into the 10 most widely spoken languages.

Around-the-Clock Assistance Call Center

HTH maintains a 24/7, toll-free call center to assist Global Citizen members with everything from routine requests to medical emergencies. The HTH staff has years of experience with international medical assistance and has close working relationships with its International Provider Community.

Emergency Evacuation and Centers of Excellence

HTH coordinates emergency services with a worldwide network of contracted Physician Advisors as well as air ambulance operators selected for their safety records. Members in need of life-saving medical intervention are treated in Centers of Excellence in the U.S. and around the world whenever possible.

Personalized Member Services

Informed ChoiceSM

When Global Citizen members experience an unanticipated medical problem, they can request a second opinion and referral through the Informed Choice service. An HTH International Physician Advisor is available to discuss the member's diagnosis and treatment plan directly with the attending physician.

Personalized Recruitment

If Global Citizen members need a physician in an area not currently covered by the HTH International Provider Community, HTH will make every effort to recruit and contract with an appropriate, qualified doctor.

Well PreparedSM

An important companion on international assignments, the Well Prepared profile is a personal web page used by Global Citizen members to search the HTH Health and Safety databases, store pertinent information and launch requests for doctor appointments, provider recruitment, direct pay services and second opinions.

Appointment Scheduling and Direct Pay

Using the web, a mobile device or the telephone, Global Citizen members can request appointments within the International Provider Community. When Direct Pay services outside the U.S. are available, the copay and deductible are waived, and HTH pays the participating physician directly.

How the Plan Works

Global Citizen and Global Citizen EXP plans offer comprehensive benefits and a range of deductible options that allow members to select the right amount of insurance coverage for their budget and lifestyle. *For detailed benefit schedule and rates, please see inserts.* To calculate your total out-of-pocket expense, add the deductible and coinsurance maximum.

For families, the deductible and coinsurance maximum is a multiple of 2.5.

After 12 months of continuous coverage, Global Citizen members may renew their coverage or apply for a new plan that covers maternity costs in the same way as all other medical conditions.

To be eligible for the maternity benefit, a member must not be pregnant at the time of upgrade.

How to Apply

Applications are available online or may be initiated by telephone or email. **See back cover for details.**

A personal check, money order or credit card number must accompany the application and must be sufficient to pay for one month of standard premium. HTH will hold the form of payment until an underwriting decision is made. If your application is accepted, the payment will be applied to your account. Quotes obtained online or by telephone are advisory only. Actual premium is determined by the medical underwriting process.

HTH Worldwide will review your medical history as provided on the application and may request an Attending Physician's Statement. HTH publishes standard premium rates for non-smokers. Smokers and other applicants with certain medical histories may be offered a policy at a higher rate. Not all applicants will be accepted. Your effective date of insurance will be on the 1st or 15th day of the month following underwriting approval.

Member Welcome Kit

When your application is accepted, HTH Worldwide will mail you and any family members covered under the plan a Welcome Kit with identification cards, a certificate of insurance and instructions on how to register online to use the Global Health and Safety Resources. Procedures for filing a claim or requesting direct payment of participating providers will also be included.

Renewals

Global Citizen is annually renewable and coverage is continuous when renewed. You must continue to meet the plan's eligibility requirements. There are no medical questions at renewal and premium rates do not change based on your individual claims history. Your renewal rate will be the same as all persons renewing in your rating class.

After 12 months of continuous coverage, Global Citizen members may apply for a new plan that covers maternity costs in the same way as all other medical conditions. Members must submit a simple Health Statement to supplement their original application.

How Coverage Ends

Your coverage ends on the earlier of:

1. The last day of the month after the date the Insured Person is no longer eligible;
2. The end of the last period for which premium has been paid;
3. The date the Policy terminates;
4. The date the Lifetime Maximum Benefit of the Plan has been exhausted;
5. The date of fraud or misrepresentation of a material fact by the Insured Person, except as indicated in the Time Limit on Certain Defenses provision.

Extension of Benefits

If an Insured Person is Totally Disabled on the date of termination of the Policy, coverage will be extended until the earlier of:

1. The date payment of the maximum benefit occurs;
2. The date the Insured person ceases to be Totally Disabled; or
3. The end of 90 days following the date of termination.

Pre-existing conditions

The Global Citizen plan does not cover services for treatment of a medical condition for which medical advice, diagnosis, care, or treatment was recommended or received during 180 days immediately preceding the member's eligibility date.

Creditable coverage

The 180-day pre-existing conditions period can be reduced or eliminated if you have been covered by a creditable group or individual health insurance plan.

Conforms to state requirements

If any provision of a Global Citizen plan is in conflict with the statutes of the state in which the member resides, it is amended to conform to the minimum requirements of those statutes.

For benefits, rates, exclusions, eligibility and other important information, please see inserts.

Global Citizen Benefit Schedule

Global Citizen has three tiers of coinsurance: 100% outside the U.S.; 80% in-network inside the U.S.; 60% out-of-network inside the U.S. All Global Citizen plans have a **\$5,000,000 lifetime maximum** and a \$100,000 maximum benefit for emergency medical evacuation.

8. Will my pre-existing condition be covered under a Global Citizen plan?

Global Citizen is administered using HIPAA guidelines. If you were previously covered by an annually renewable U.S. health plan that issues you a Certificate of Creditable Coverage, HTH Worldwide will credit you for this prior coverage. The number of months of coverage shown on the Certificate will reduce or eliminate the six-month pre-existing condition waiting period. If you have six or more months of creditable coverage, your waiting period will be eliminated. If you have less than six months creditable coverage, your waiting period will be reduced by the number of months you had creditable coverage. For example, if you have two months of creditable coverage, your waiting period will be reduced from six months to four months.

9. Am I guaranteed to be issued a Global Citizen policy if I apply?

No, Global Citizen is not a guaranteed issue plan. Each application is medically underwritten. Your application may be 1) accepted, 2) accepted with a rate increase due to your health status, or 3) denied.

10. Is the quote I receive binding?

No. The quote you receive may not apply if 1) you provided us with an inaccurate zip code, 2) you misstated a material fact on your application, or 3) we increase the rate due to your health status.

11. When determining a rate while overseas, what zip code should I use?

Policies for U.S. citizens residing overseas are issued through the Global Citizens Association office in Washington D.C. The zip code that applies is 20036.

12. What is the Global Citizens Association?

GCA is a not-for-profit association serving those who travel the world for business, study and leisure. GCA promotes health and safety around the world through online knowledge tools and email news alerts. GCA members also benefit from the Association's group purchasing programs for travel, insurance, entertainment and telecommunication services.
