Medical Complication Insurance Designed For
Hospitals, Employers, and Tour Providers

FLEXIBLE PLAN OPTIONS

Helping you make the right choices.

Compass's Worldwide Medical Procedure Insurance is the most comprehensive medical tourism policy that protects you, your partners and patients for complications associated with medical treatment abroad.

HELPING YOU MAKE THE

Why Medical Complication Insurance?

Standard trip or travel medical insurance policies:

- Do not provide coverage if you are travelling for the purpose of obtaining medical treatment abroad.
- Will not be of help if a medical complication arises
- Usually cancel upon planned travel medical insurance treatment.

Medical complications are inevitable. A complication, and resulting additional expenses, could jeopardize a Medical Tour provider's reputation.

Offering the Compass Plan alleviates these concerns and allows the medical traveler in making an informed decision about seeking treatment abroad.

Who is Eligible?

This comprehensive worldwide insurance solution is designed for individuals, employers, and facilitators, who have Eligible Scheduled Medical Treatment arranged outside of the Insured Person Home Country.

How Do I Apply?

The product can be offer on a group basis, allowing seamless billing to the client, or on a voluntary basis where the client would complete an application online.

Why Compass Benefits Group?

Compass represents multiple underwriters who have developed flexible, cost effective plans for this highly specialized market. This flexibility ensures we will find a plan that best meets the needs of your patients and your business.

We have built a solid reputation as a reliable business partner and international insurance broker.

Full Tour Coverage

Full medical tour coverage for patient complications following a scheduled surgery abroad and in their home country, as well as the non-refundable cost for travel and pre-paid medical expenses, in the event of cancelation and/or interruption of the scheduled trip or medical treatment.

Complication Coverage

Designed to cover “deep pocket” expenses that may result from a complication of a medical procedure. The purpose was to help insure larger financial hardships that may occur should an accident or complication from a covered procedure.

Liability Coverage

Designed to meet requests from employers and facilitators for insurance to cover possible liability resulting from the implementation of a medical tourism/travel benefit or as the result of coordination of medical tourism arrangements.
